

Management of Risk (M_O_R)[®] Practitioner Certificate

A 5-Day Course

Description: The event covers the principles, terminology and methods used in the Management of Risk (M_o_R[®]) approach. It enables delegates to apply the Guidance within their own organisations as well as preparing for the APM Group exams (included in the course). It also maximises their prospect of being awarded the qualification of Registered M_o_R[®] Practitioner. The course lasts for 5 days and includes the following:

- Instructor Led Tuition
- Individual and Group exercises
- Case Study & Delegate Pack

Audience: The event is recommended for Risk Managers, Programme Managers, Project Managers, Operations Managers and Consultants who are responsible for the management of risk within their organisations and who wish to understand the latest OGC guidance and gain the new qualifications.

There are no pre-requisites for attending the course or taking the examinations.

Duration: Five Days

Objectives: On completion of the course the delegate will have:

- Defined the key principles underpinning the effective Management of Risk
- Applied the main components of the Risk Management process
- Recognised how to manage risks at the Strategic, Programme, Project and Operational level
- Identified a range of techniques that can be used to support the Management of Risk process
- Prepared for and taken the M_o_R[®] Foundation & Practitioner Examinations
